Skelly Completing Several Wells.

The Skelly Oil company is nearing or at the top of the pay in several of its wells in the Old Ditch area, No. 4 on the south corner in the northwest corner of the west half of the northeast corner of 15-15-19, being drilled in today and looking good for a Dutcher producer. Top of the sand was found at 2,623 feet. No. 3 on this lease, just located to the northeast of 2-14-11, had the top of the pay at 1,784 feet and at 2,896 feet the well is estimated at 40 barrels daily and still in the sand.

In the Osage the Skelly Oil company has a 75-barrel producer on No. 5 Gratton in the northwest corner of the northeast of 21-13-12. Top of the pay was found at 1,234 feet and total depth is 1,317 feet.

In Texas, in the Iowa Park district, the Skelly company has a 16-barrel producer in the shallow southwest corner of the northwest of 15, is also drilling in its Dutcher sand, the top of which was found at 2,564 feet.

A 100-barrel producer was brought in yesterday by the Skelly Oil company in No. 5 Spener farm, being the second location from the northwest corner of the northeast of 15.

OIL COMPANIES WITH PRODUCING PROPERTIES

Drill your offset locations and develop your acreage with NEW CAPITAL. Our demand for first hand securities of such companies is greater than ever. If your short time paper is a burden, we can help you. If you desire to quickly increase your production through the purchase of producing properties we can furnish you the capital. Our house puts your company on a substantial dividend paying basis, and enables you to conservatively expand and spread out in the oil industry. No failures to our credit. No company or person ever lost money as a result of dealing with us. All inquiries treated strictly confidential. Inquiries from stock brokers and fiscal agents will receive no consideration.

ADDRESS BOX B-13, CARE WORLD

Back on the Job.

Getting back on the job is especially interesting at this time, as so much has happened to prove that
